

JustAskBlue.com - Ask a Pharmacist

Your Medicines

- Keep you alive
- Improve health
- Have side effects
- Interact with other drugs
- Can cost a fortune

Take with advice!

Our pharmacists give you expert information and advice about:

- Your medicines, their costs, interactions and more...
- Medical conditions
- How to stay healthy

**You ask.
We answer.**

Will it work?

Is it safe?

What else can I do?

The Internet Has Lots of Health Information Web Sites

- Trustworthy sites
- Out-of-date sites
- Promotional sites that want you to buy

Use with caution!

Our service links you directly to high quality, reputable web sites that provide the information you seek.

**You ask.
We direct you to
the right places.**

Where can I get good information about health conditions?

Which web site gives balanced information about treatments?
