ADVANCED PHARMACY TECHNICIAN TRAINING

PREPARE YOUR TECHNICIANS FOR ADVANCED PHARMACY PRACTICES.

A CPE activity for Pharmacists and Pharmacy Technicians to learn together to improve efficiencies in pharmacy practice and improve patient care as a team.

1 Begin with the Introductory Program!

Thinking About Tech-Check-Tech?

Pharmacists | Technicians

Are you thinking about implementing Tech-Check-Tech? This on demand webinar will assist you in evaluating the potential for implementing a Tech-Check-Tech program in your pharmacy. It includes an overview of why the pharmacy profession should embrace technician managed distribution, and allow pharmacists more opportunity to provide clinical services via redistribution of staffed hours. A review of current regulations and initiatives throughout the country is presented, as well as an outline to assist you in developing your case for pharmacy staff and upper management. *$10.00 if purchased individually.*

2 Invest in the Advanced Pharmacy Technician Training Toolkit:

Toolkit includes the following **SEVEN** programs. An 80% required pass rate ensures technicians are ready. **Obtain a Certificate of Completion for technicians who pass all the modules.**

Tech-Check-Tech: A Step-by-Step Guide For Inpatient Pharmacy

Pharmacists | Technicians

OR

Tech-Check-Tech: A Step-by-Step Guide For Outpatient Pharmacy

Pharmacists | Technicians

Advanced Review of Common Medications

Technicians

Calculations Review

Technicians

Dosage Forms

Technicians

Accuracy in the Inpatient Pharmacy: Preventing, Identifying and Classifying Medication Errors

Pharmacists | Technicians

OR

Accuracy in the Outpatient Pharmacy: Preventing, Identifying and Classifying Medication Errors

Pharmacists | Technicians

3 A Closer Look at the CPE Information:

Upon completion of each CPE module, participants will then logon to the CEI website to complete the exam* with a passing rate of 80% and evaluation located in their online My Profile. Once successfully completed, click on Submit CPE. Access your CPE statement of credit at www.MyCPEMonitor.net.

The Collaborative Education Institute is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Audience: Pharmacists and Pharmacy Technicians ready to implement Tech-Check-Tech, or other advanced technician roles.

Activity Format: This CPE activity includes participating in On-Demand webinars. Participants will view the presentation on their screen using a reliable high speed internet connection, while listening to audio through computer speakers. Upon registration, participants may access the activity and handouts through their Profile within the CEI website (www.GoToCEI.org). Handouts are available for printing prior to participation in each module.

Financial Support: This activity was developed through a grant from the NACDS.

CEI provides you with two (2) opportunities to complete the exam with a passing rate of 80%. If there are two failed attempts, the participant must re-register.

4 Investment

Ready to invest in the future of your pharmacy? Act today and purchase the Advanced Pharmacy Technician Training Program. Pricing is based on the number of Pharmacy Technicians in your pharmacy. This implementation package includes two introductory modules for all pharmacists and technicians, one patient safety module for pharmacists, as well as four advanced training modules for technicians. The implementation package will provide important education for pharmacists and technicians preparing to participate in advanced roles such as tech-check-tech and telepharmacy. Technicians will receive an official certificate of completion upon completing all six modules. If you have further questions about the Advanced Pharmacy Training Program, **contact Megan Myers at mmyers@iarx.org or 515.270.0713.**

FLAT FEE RATE: **Pharmacy Technicians** - $75 | **Pharmacists** - $50

5 Registration → **WWW.GOTOCEI.ORG**

To purchase the Advanced Pharmacy Technician Training Program, please go to the CEI website (www.GoToCEI.org) to start the registration process. Upon completing the registration, you will be contacted by CEI to verify your pharmacy information and receive an access code, good for one year, to distribute to your employee pharmacists and technicians. Employees will log-in and/or create a profile on the CEI website and use the access code to view the modules. Technicians will receive a certificate of completion upon completing all six modules.
